# Why Boston Square?

## **REVITALIZATION AND COMMUNITY**

Boston Square is experiencing a resurgence, undergoing significant investment to revitalize the district, fuel economic growth, and support local entrepreneurs.

Over the next several years more than 200 housing units will be in walking distance of these new retail spaces. Get in on the ground floor this year.

The retail spaces will serve as an anchor for Boston Square's dynamic transformation, bringing new energy and convenience to this historic neighborhood.

## **Future-Forward Development that is Community Driven**
